Re: Application by Verizon for Authorization To Provide In-Region, InterLATA
Services in State of Virginia, WC Docket No. 02-214

Dear Ms. Dortch:

Verizon has discovered that the Virginia rate list it filed with its Section 271 application mistakenly included disconnect rates for certain platform migration products. These rates should not have appeared on the rate list because the costs associated with them are already recovered through other rates. Verizon has removed these rates from its rate list and has sent the CLECs the attached notice through change management informing them of this error. *See Attachment 1.* Although Verizon inadvertently included these rates on its rate list, Verizon has not charged these disconnect rates to CLECs.

Please let me know if you have any questions. The twenty-page limit does not apply as set forth in DA 02-1857.

Sincerely,

A handwritten signature in black ink, appearing to read "Ann D. Berkowitz".

Virginia UNE Rates for Existing Interconnection Agreements

Verizon has discovered that the rate list it announced in a notice sent to CLECs in an industry letter dated March 15, 2002 mistakenly included certain disconnect rates that should not have been included on the rate list. Verizon has not charged these disconnect rates to CLECs. Verizon is now correcting its rate list by eliminating the following rate elements:
